Competition Category: *Each competition will consist of 4 to a team.*

1. _____ DUI Stop

This competition will test the explorers' ability to determine whether a suspect is too impaired to operate a motor vehicle. Each team may have two to four members. Each team will have fifteen minutes to complete the scenario and determine the fate of the suspect. The explorers will be scored on officer safety, ability to instruct as well as perform field sobriety tasks, dealing with the suspect, handcuffing, and implied consent (if applicable in your state). The scenario is that you as officers have stopped a vehicle for suspicion of driving under the influence. You have already obtained your probable cause to believe that the driver is possibly impaired; it is now up to you to finish your investigation and make a determination

2. _____ Felony Stop

You and your partners have been dispatched to a reported armed robbery at a local bank. You receive a lookout on the vehicle and at least two armed suspects. While in route to the call, you observe a vehicle matching the description coming from the location. You and your secondary unit initiate a felony traffic stop on the vehicle. You will be graded on

how safely you remove the occupants utilizing proper cover and contact officers. In addition, you will be graded on proper person and vehicle search techniques. This exercise will utilize two patrol vehicles operating as two-man units. You will be expected to safely execute the stop from beginning until vehicle impound.

3. _____ Escaped Inmate

A pretrial inmate has escaped from the local detention facility and is believed to be located in a wooded area. A perimeter has been established and marked. It is unknown if the subject is armed. The team is to locate and arrest the inmate using the minimum force necessary. Officer safety is the main priority in regard to scoring. Other scoring criteria will include movement, communication, weapons handling, handcuffing, and searching. You will be graded on search and apprehension techniques rather than tracking techniques. There will be a twelve-minute time limit for each team to complete the scenario. This time limit will be strictly adhered to in order to accommodate all teams. Time will only be used in the event of a tie. This event will be cancelled if the roads are closed. Please be prepared for all weather conditions. Red guns will be provided. Due to regulations from Gwinnett County fairgrounds, you will not be permitted to bring other weapons (red guns) into the fairgrounds. Duty belts may be worn only during the event
