Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Georgia Firefighters Burn Foundation, Inc. as of December 31, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

GEORGIA FIREFIGHTERS BURN FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

1. Nature of Activities

Georgia Firefighters Burn Foundation, Inc. was organized and incorporated as a non-profit organization in DeKalb County in the State of Georgia on May 10, 1982, originally under the name DeKalb Firefighters Burn Foundation, Inc. In May of 1987, the Organization changed its name to Metro Atlanta Firefighters Burn Foundation, Inc. In May 1991, the Organization changed its name again to Georgia Firefighters Burn Foundation, Inc. The Organization is a charitable not-for-profit organization organized to educate the public in burn awareness and prevention, support medical facilities in the care of burns in Georgia, assist burn survivors in their recovery, and provide scholarships for burn survivors to further their education.

2. Summary of Significant Accounting Policies

A summary of the Organization's accounting policies that affect the more significant elements of the financial statements are stated below:

Basis of Accounting and Reporting

The Organization prepares its financial statements on the accrual basis of accounting, and to present the results of activities and financial position in conformity with accounting principles generally accepted in the United States of America.

Restricted and Unrestricted Revenue

Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions.

Fixed Assets and Depreciation

The Organization capitalizes fixed assets of \$500 or greater, which are recorded at cost or at fair market value if donated. Maintenance and repairs not considered to substantially lengthen the property lives are charged to expense as incurred.

The Organization provides for depreciation using the straight line method at rates calculated to expense the cost of fixed assets over a period of 3-15 years for most assets and 40 years for the building. Depreciation expense for 2014 is \$38,302.

GEORGIA FIREFIGHTERS BURN FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (Continued)

Concentration of Contributions

The Foundation received approximately 78% of its annual contribution revenue from one program.

Income Taxes / Tax Exempt Status

Georgia Firefighters Burn Foundation, Inc. is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code, and is current with its filings of Form 990, *Return of Organization Exempt from Income Tax*. Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Organization and recognize a tax liability or asset if the Organization has taken an uncertain position that more likely than not would not be sustained, upon examination by the applicable taxing authorities. Management has concluded that, as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability, asset, or disclosure in the financial statements. The Organization is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Investments

Investments in marketable securities with readily determinable fair values are valued at their fair market values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by donors are reported as increases in Unrestricted, Temporarily Restricted, and Permanently Restricted net assets in the reporting period in which the income and gains are recognized. Please also refer to Note 9.

Financial Statement Presentation

As required by the Not-for-Profit Entities Presentation of Financial statements topic of the Financial Accounting Standards Board Account Standards Codification (FASB ASC,) the Foundation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Donated Assets

Donated marketable securities and other non-cash donations are recorded as contributions at their estimated fair values at the date of donation.

GEORGIA FIREFIGHTERS BURN FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

2. Summary of Significant Accounting Policies (Continued)

Donated Services

The efforts of many volunteers benefit the Organization. Travel and subsistence costs incurred by volunteers in carrying out their duties are reimbursed by the Organization. However, no other amounts for volunteer services have been reflected in the financial statements because they did not create or enhance nonfinancial assets or require specialized skills.

Compensated Absences

No accrual of compensated absences has been made in the financial statements because the amount cannot be reasonably estimated.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. For this Organization, the allocation of expenses between program services, fundraising, and management and general is an accounting estimate, as are the depreciable lives assigned to fixed assets.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on the statement of functional expenses. Certain costs have been allocated among the programs, supporting services, and fundraising, if the related expense is clearly within accounting guidelines.

Advertising

The Foundation uses advertising to promote its programs among the areas it serves. The costs of advertising are expensed as incurred. During 2014, there were no funds paid for advertising costs.

Donations Receivable

Donations receivable are stated at unpaid balances, less an allowance for doubtful accounts. The Organization provides for losses on donations receivable using the allowance method. The allowance is based on experience and other circumstances. It is the Organization's policy to charge off uncollectible donations receivable when management determines the receivable will not be collected. No provision for uncollectible amounts was necessary at December 31, 2014.

GEORGIA FIREFIGHTERS BURN FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

3. Cash and Cash Equivalents

Cash and cash equivalents at December 31, 2014 were as follows:

Petty Cash	\$ 265
Checking Accounts	138,859
Savings Account	<u>6,020</u>
Total	<u>\$ 145,144</u>

The Foundation maintains its cash in bank deposit accounts, which at times may exceed federally insured limits. The Foundation has not experienced any losses in such accounts, and believes it is not exposed to any significant credit risk on cash and cash equivalents. At December 31, 2014, cash balances in local banks were within the \$250,000 federal insured deposit liability limit.

4. Fixed Assets

Property, plant and equipment consisted of the following as of December 31, 2014.

Land and Building	\$ 932,514
Furniture, fixtures and equipment	120,248
Recycling trailers	120,054
Vehicles	<u>129,722</u>
Total Fixed Assets	1,302,538
Less accumulated depreciation	<u>(591,405)</u>
Net Fixed Assets	<u>\$ 711,133</u>

5. Grants Payable

Grants authorized but unpaid at year end are reported as liabilities. All grants payable at December 31, 2014 are anticipated to be paid by December 31, 2016.

6. Endowment Fund

In 2005, the Organization was the beneficiary of an endowment from the Belli family. A key component of this grant is the requirement that the principal be maintained permanently restricted, with the earnings to be available for certain temporarily-restricted purposes such as providing psychological services to juvenile burn survivors, and for educational funding for juvenile burn survivors. The donors wished to maintain the corpus of the permanently restricted principal at the value of the original gift. The Organization has adopted a conservative investment policy that attempts to maximize total return consistent with an acceptable level of risk. As of December 31, 2014, the value of this endowment fund was \$1,389,459, with \$348,724 of this amount available to be used for psychological services and educational funding for juvenile burn survivors.

GEORGIA FIREFIGHTERS BURN FOUNDATION, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

7. Retirement Plan

In 2010, Georgia Firefighters Burn Foundation, Inc. established a SIMPLE IRA plan offered to employees who meet the eligibility requirements. Employee contributions under the plan are voluntary and are matched by the Organization on a dollar-for-dollar basis for each employee's salary reduction contribution up to 3% of the employee's compensation. Accrued costs for plan benefits are funded annually and were \$5,994 for 2014.

8. Public Support

Georgia Firefighters Burn Foundation, Inc. receives recyclable aluminum cans, which it sells to metal reclamation companies for funds to support its stated purposes. Through the joint efforts of Georgia Firefighters Burn Foundation, Inc. and participating Georgia fire departments, aluminum cans are received from the general public and other interested groups. These cans are placed in recycling containers owned by the Organization which are located at various fire stations and businesses around the State. When these containers become full, they are released to Georgia Firefighters Burn Foundation, Inc. and are then picked up and delivered to local recyclers. The Foundation is paid at the current market rate for aluminum. Aluminum cans delivered to area recyclers in 2014 resulted in revenues of \$64,308.

Georgia Firefighters Burn Foundation, Inc. also receives support from boot drives it sponsors in cooperation with fire departments throughout Georgia. The firefighters organize the drives, collect the money, and remit the funds collected to the Foundation. Support from these boot drives in 2014 resulted in revenues of \$618,300. During the year ending December 31, 2014, monies received from these drives constituted approximately 78% of total unrestricted support revenues of the Organization.

The ability for certain of the Foundation's contributors to continue giving amounts comparable with prior years may be dependent upon certain current and future overall economic conditions. While the Organization's Executive Committee believes the Foundation has the resources to continue its programs, its ability to do so and the extent to which it continues, will be dependent on the above factors.

GEORGIA FIREFIGHTERS BURN FOUNDATION, INC.
